

# EV FLEET TECH TRAINING FOR SCHOOL DISTRICTS!

## High Voltage Safety, Electric School Bus and EVSE Training

### An Immersive Curriculum That Prepares School Transportation Fleet Technicians

WTA's electric school bus training curriculum enables technicians, fleet managers, and supervisors to safely work on electric school buses while advancing their knowledge of vehicle electrical systems.

## EXPERT INSTRUCTION

Our EV courses were developed by subject matter experts with decades of experience in fleet maintenance and advanced vehicle technologies.

### SAFETY

Our online High Voltage Vehicle Safety course accelerates technical aptitude so that in-person training courses provide maximum educational value for techs.

### AVAILABLE ON-SITE TRAINING

Electrical training courses are available at school fleet facilities to maximize technician engagement, participation and retention.

### END-TO-END PREPARATION

Electric Vehicle Supply Equipment curriculum prepares technicians and planners for site preparation and maintenance of charging equipment.
